

The Lamp Huddle — Monthly Live Call for Nurses Building Their AI OS

“She was the lady with the lamp. We carry it together now.”

What it is

A free, monthly, 45-minute live community call for nurses learning to build and steward their own AI Operating System. Open to **students, staff nurses, leaders, and educators** — across all three spheres: **Personal, Professional, and Community / Entrepreneurial**.

Whether you finished the 30-Day Roadmap, just took the SOUL Quiz, or are still deciding where to start — you belong at the Huddle.

What we do

Each Huddle follows a calm, repeatable rhythm:

Time	Segment
0–5 min	Light the lamp — opening reflection on stewardship and the month ahead
5–15 min	One demo — a nurse or facilitator shows one workflow they run (a Morning Huddle, a Kardex, an evidence-first brief)
15–30 min	Open Q&A — bring your prompts, your stuck points, your safety questions
30–40 min	Stewardship round — share a win, a worry, or a lesson
40–45 min	Close — name one human-owned micro-action and record the EDENA risk, data, and action classification

Who it’s for

- **Student nurses** trying to use AI for learning without losing clinical reasoning

- **Staff nurses** trying to reclaim time from charting and admin
- **Nurse leaders and managers** implementing AI safely in their units
- **Nurse educators** designing AI-supported learning with integrity
- **Nurse entrepreneurs and community advocates** building projects, content, or programs
- Anyone curious about the **Heart of a Nurse** approach to AI

What you'll bring home

- A clearer next step in your AI OS journey
- One workflow you can use this month
- A community of nurses who share your values
- Direct answers to your governance, safety, and setup questions

Ground rules

- **No PHI.** Ever. We share patterns, not patients.
- **No clinical decisions.** We support nurses; we do not replace judgment.
- **Stewardship first.** Inclusion ≠ validation. Review risk, data, and action independently; a tool alone does not determine any dimension.
- **Human agency.** Agents propose. Humans judge. Nurses steward.
- **Confidential by default.** What's said in the Huddle stays in the Huddle unless the sharer says otherwise.

Schedule

First Huddle: Sunday, July 13, 2026 — one call, join from your time zone:

Time zone	Local time
Eastern (ET)	8:00 PM
Central (CT)	7:00 PM
Mountain (MT)	6:00 PM
Pacific (PT)	5:00 PM

Agenda: tips and tricks from real nurse setups · open issues, worked through together · wins, celebrated properly.

Cadence: Monthly at first, 45 minutes — we'll add sessions as the community grows.

Format: Live video call, **recorded** so you can catch up if you can't attend live (the sharing round can go off-record on request). Recordings will live in our community home, opening soon. The video link arrives by email — join the list below.

How to join

1. Visit [Start Here](#), take the SOUL Quiz, and download the free starter kit.
2. Email robert@nurse-ai-os.org with your name and role — you'll be added to the newsletter and the Huddle invite list. A human adds every name personally.
3. You'll receive the calendar invite, video link, and prep prompt before each call.

First Huddle agenda

- **Light the lamp:** Why we're here — Florence's two instruments
- **Demo:** The SOUL Quiz and your first win in 10 minutes
- **Q&A:** Bring your setup questions
- **Stewardship round:** What's one fear and one hope you have about AI in your work?
- **Close:** Your one micro-action — Day 1 of the [30-Day Roadmap](#)

Bring with you

- Your laptop or phone (camera optional, voice encouraged)
- Your role and sphere (student / staff / leader / educator; personal / professional / community)
- One question, one win, or one worry
- Your SOUL file if you've taken the [SOUL Quiz](#)

A word on safety

The Lamp Huddle is a learning and stewardship space — **not** clinical guidance, **not** vendor recommendations, **not** a substitute for your facility's policies. We do not discuss specific patients, employers, or proprietary tools that would breach confidentiality.

While you wait for the next Huddle

- Begin at [Start Here](#)
- Start the [30-Day Nurse AI OS Roadmap](#)
- Make the system yours with the [six workflows](#)
- Tell one nurse. Stewardship begins with invitation.

Carry the lamp. Keep the ledger. We meet at the Huddle.
